

## Message from your District Governor

Welcome to District 4's Highway to Success Spring Conference 2007. Our conference team led by Elliotte Mao and Joseph Kent has put together quite a ride for you. Along the journey, we will celebrate each other's accomplishments and recognize members who have served you this

year while taking a few educational and business related side trips. Our last stop each day will be to see the best of the best in District 4 compete in the Table Topics and International Speech contests.

While you're enjoying your ride, slow down for a moment to thank the team who has put together this wonderfully creative conference for you. They'll be the ones with the yellow ribbons racing up and down the highway serving your needs. Also be sure to stop off at the opportunity drawing table. It's the fuel additive that will allow you to get such great mileage at such a low cost.

Welcome and enjoy your trip.

**Ken Cawley, DTM**

## Message from your Hosting Division Governor

On behalf of the District 4 planning committee and Division H, I welcome you to the "Highway to Success" Spring Conference 2007.

We have spent many hours working together to bring you this outstanding conference. On the way, we made right turns, left turns, and sometimes went the wrong way, but we did not stop until we got it just right.

**Jennifer Chan, ACB**

We proudly present to you a fun and educational filled two day event that begins with a Friday evening reception "kick-off." Throughout the weekend you will hear and learn from inspiring, motivating and scintillating speakers! You will have an opportunity to meet and network with familiar and new Toastmasters as well as special guests.

Fellow Toastmasters and guests, buckle up, start your engine and ride the "Highway to Success." Together we will learn to become better communicators and leaders. Welcome to the conference!
